SITKA'S SECRETS is a small boat-chartering business in operation since 1986. We are a husband-and-wife team with professional degrees in zoology and wildlife management. Between the two of us, we have over 40 years of experience in Alaska, initially working as biologists and wildlife refuge managers for the U.S. Fish and Wildlife Service in the Aleutian Islands, King Salmon, and Kotzebue Sound areas. Our goal is to help people become more aware of the environment through fun and rewarding outdoor experiences.

After working in remote stations in Alaska, we believe the rewards and risks of an outdoor adventure go hand-in-hand. Although we follow strict safety procedures, the following events could occur:

- | | |
|---|---|
| Sprains, broken bones from climbing in and out of boats | Getting wet from waves or rain |
| Engine failure | Broken eyeglasses or lost contact lenses |
| Seasickness | Dropping camera and equipment overboard |
| Drowning | Stabbing and infection from fish or hooks |
| Damage to clothing | Slapping by a large, flopping fish |
| Automobile accident | |
| Bear attack | |

So, please consider our terms and conditions.
